RESPONSE

Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

This paper is responsive to the Office Action mailed on December 10, 2001.

Please amend the application as follows:

IN THE CLAIMS:

✓  
Please cancel claims 1-12 without prejudice.

Please add the following new claims.

13. (New) An elevator door assembly, comprising:

a rail including at least one supporting surface along at least one side of

A,  
the rail;

a resilient material track at least partially received by the supporting  
surface on the rail, the resilient material having a first surface characteristic near at least
